with Steve Ross and Dana Jester,” in the Main Gallery of the library, Mr. Ross and Mr. Jester will be giving a seated lecture, free and open to the public. Mr. Ross will hold a painting demo while he speaks about his life. He will, also take questions from the audience. Please be prepared for a crowded evening and plan accordingly. This event is sponsored by the Blount County Friends of the Library.

- **Tuesday, March 10 through Tuesday April 14, 2020, 6 p.m. to 8:30 p.m. “Powerful Tools for Caregivers,”** This class help caregivers take better care of themselves while supporting a friend or relative. In six weekly courses, caregivers learn self-care tools to:
  - Reduce stress and negative emotions
  - Improve communication
  - Manage time
  - Solve problems
  - Make challenging decisions
  - Locate community resources
  - Build self-confidence

Powerful Tools for Caregivers is not a support group. It is a proven education program offering tools and training to help you take control of the caregiving journey and develop skills that will ease stress and burdens so that you can continue providing quality care.

**Contact Connie Taylor at 865-306-1690 to reserve your seat by Thursday, March 5. Participants are strongly encouraged to attend all 6 classes.** This program will be held in Dorothy Herron Room A.

- **Tuesday, March 10, 7 p.m., “Garden Series: Lawns and Their Care,” presented by Bob Hollman.** Spring is the time to weed and feed your turf grass. Invest one and a half hours to learn about turf grass types and their needs, how to determine what kind of turf grass you have and how to care for the different types of turf grasses. Learn how to care for your lawn the rest of the season! This program will be in the Sharon Lawson Room.

- **Saturday, March 21, 10:30 a.m. to 11:30 a.m. (3rd Saturday of every other month), “Appalachian Reads Book Club: Country Dark” by Kentucky native Chris Offutt. This novel described by the New York Times as "dark, but deeply humane....an achievement of spellbinding momentum and steadfast heart." The story's setting is rural Kentucky in the years following the main character's service in the Korean War. Discussion will be led by A.J. Coulter. The book group will meet in Dorothy Herron Room A.

- **Monday, March 23, 7 p.m., “Southern Appalachian Studies Series: “Beneficial Insects in the Southern Appalachians,” presented by Becky Nichols, Entomologist, Great Smoky Mountains National Park.** Though the word “insect” has a bad connotation for most people, Nichols will enlighten us on the beneficial insects in our mountains and the roles they play in the natural environment. This program will be in Main Gallery.

- **Tuesday, March 24, 7 p.m., “Finding Schifrah: The Journey of a Dutch Holocaust Child Survivor.”** Sonja DuBois was born in the Netherlands during World War II. Two years after the Nazi troops invaded the country her parents were deported to a concentration
camp and became victims of the Holocaust. They and the extended family were killed at the infamous death camp Auschwitz. In 1942, at the age of 2, she became an orphan and lost her identity. The author will talk about her powerful journey of self-discovery. Books will be available for purchase. This program will be in the Sharon Lawson Room.

**Wednesday, March 25, 11 a.m. “Focus on Seniors: Wills, Trusts and Powers of Attorney.”** Speaker Matt Haralson draws on his extensive experience as an Elder Law Attorney to present a program on legal issues of special concern to older adults. Among his topics, he will include trusts, wills, and powers of attorney. This program will be in the Sharon Lawson Room.

**Friday, March 27, 7:30 a.m. to 10 a.m. “It’s Your Career: Improving Communication at Work,”** is part of an ongoing series of Soft Skill workshops designed to take your career to the next level. Spaces are limited and registration is required. **Contact Jackie Taylor-Tente with questions and to register, at 865-680-7668 or jackie@jataylor.net** For more information go to [bcpl.populr.me/arconic-internship-program](http://bcpl.populr.me/arconic-internship-program) **Deadline to Apply: Wednesday, January 22, 2020**
The program consists of three components:

1) **January 27 – February 11:** 3 weeks of *Workforce Readiness Training* (60 hours)
   - *Training* will run 12-5 p.m., Monday through Friday. During this time participants will receive training in skills needed to obtain and maintain a job in the manufacturing field. Participants will receive a $300 stipend upon completion of this component.

2) **February 12 – 28:** 100 hours of hands-on manufacturing experience interning with a Blount County manufacturer
   - *The Internship* will be at a local manufacturer where participants will be paid $10/hr. for 100 hours, get hands-on job experience, and potentially get certifications such as forklift operation.

3) **March 2 and 5:** 3 half-days of *Follow-up, Career Fair and Graduation*
   - Participants then return for *Follow-up, Career Fair and Graduation*. Participants will receive a $60 stipend upon completion of this component.

Participants must complete all three components.

**Tech Classes for Tweens and Teens – Ages 10 and Up!**

Tech classes for tweens and teens are led by science educator Thomas Proffen of ORCSGirls and are open to boys and girls of all ages interested in fun, hands-on learning experiences with STEM topics! Located in the Learning Lab, a stand-alone building on Cusick Street, across from the library’s outdoor sign.

**Internet of Things** – From color changing lights to garage door openers to smart refrigerators, more and more devices are connected via the Internet. So how does it work? Learn all about the Internet of Things and what it takes to control a light emitting diode (LED) through the Internet. You will build a circuit, program firmware and create a webpage to control the LED. Sounds hard? Join the workshop and you will be an Internet of Things expert in no time. Open to all ages 10 and up.

**Time:** 1 p.m. – 4 p.m.

Smart Robot Camp with ORCSGirls

This three day camp is limited to 20 girls in Grades 7th to 10th. Online Application Deadline: February 17. Camp Directors are science educator Thomas Proffen (ORNL), Katharine Schuman (ORNL), Dasha Hermannova (ORNL) and Sarah Jo Miller (Heritage High School). Located in the Learning Lab, a stand-alone building on Cusick Street, across from the library’s outdoor sign.

What is it?

- From self-driving cars to devices we can talk to, machine learning and artificial intelligence are revolutionizing our daily lives. In this three day camp, we will cover machine learning, coding in Python and programming our smart JetBot robot, and teach it to avoid obstacles and follow objects or roads. The camp is limited to 20 girls and work with the JetBot in teams of two allowing for maximum hands-on experience.

Who is it for?

- This camp is for girls in grades 7-10 who want to explore the world of smart robots in an all-girls environment and explore coding, technology, artificial intelligence and robots. Some experience with coding is helpful but not strictly required.

How to apply?

- The online application deadline is February 17 and we will inform everyone if they made it into the camp by February 24. Click here to apply.

Time: 9 a.m. – 4:30 p.m.

Session: Monday, March 16, Tuesday, March 17 and Wednesday, March 18, 2020
